

47 Million Locked Out of Real Estate

1.4 billion globally have no access to formal financial services. 38 million in Nigeria alone.

- Real estate = the world's largest asset class at \$326 trillion USD
- Nigeria's property market growing at 11.4% annually
- Yet the minimum ticket is \$50,000+ — out of reach for 97% of Nigerians
- No platform exists to bridge this gap for the African diaspora
- Until now.

The Market Opportunity

Africa's real estate market is the world's fastest-growing untapped investment sector.

- Global real estate market: \$326 trillion USD
- Africa real estate growth: 11.4% per year
- Nigerian diaspora remittances: \$24 billion USD/year
- Only 3.1% currently invest in Nigerian property
- Total addressable market: \$12+ billion

Three Investment Models

Every investor gets a structure that matches their risk appetite and capital.

- 1. EQUITY PARTICIPATION — from \$500 USD · fractional ownership
 - Own a verified percentage of the project at development stage
- 2. DEBT FINANCING — for accredited investors · fixed return
 - Capital deployed as senior debt with defined repayment schedule
- 3. PROFIT SHARING — negotiated directly with developer
 - Revenue split on completion and sale of units

AI Compliance Engine — 47 Checkpoints

No project reaches investors without passing our full AI verification suite.

- Land title verification (CAC + state land registry)
- Construction permit validation
- Developer credential scoring (track record + financials)
- Environmental and structural clearance check
- Current platform compliance score: 94.7%
- No competitor in Africa runs this level of due diligence

Target Investor — The African Diaspora

2.4 million Nigerians abroad. \$24 billion remitted annually. Only 3.1% invested in property.

- Primary target: Nigerian professionals in UK, USA, UAE
- Average investable income: \$50,000–\$200,000 USD per household
- Pain point: no trusted, regulated, digital-first channel
- BETONIQ INVEST is the first platform built exclusively for them
- Secondary market: institutional investors and Nigerian HNWI

Regulatory Moat

Compliance is not our constraint — it is our competitive advantage.

- Pre-registration dialogue: Securities and Exchange Commission Nigeria
- Architecture aligned with CBN, SEC, and FIRS simultaneously
- Most competitors cannot meet even one of these three
- Anti-money-laundering framework: FATF-aligned
- Investor funds in licensed MFB-backed escrow accounts

Competitive Landscape

No direct competitor combines AI scoring, fractional entry, and full regulatory compliance.

- Traditional property: \$50,000 minimum · physical presence required
- Nigerian REITs: not accessible to diaspora · no AI scoring
- Crowdfunding: no regulatory framework · no AI due diligence
- BETONIQ INVEST: lowest entry (\$500) + AI compliance + diaspora-first

Go-To-Market Strategy

Three channels. Measurable targets. Zero paid advertising in Year 1.

- 1. DIASPORA PARTNERSHIPS
